PROJECTS

THE WILD OASIS – Hotel Booking Admin Dashboard

Aug 2024

Tech: React, Supabase, Styled Components

- [Live Demo](#)
- Developed a hotel dashboard to manage bookings, cabins, and user additions, enhancing operational efficiency.
- Implemented a basic authentication system to ensure user access control and data security.
- Utilized React, Styled Components, and Supabase to build the project, ensuring a modern and responsive interface.

WORK EXPERIENCE

Procodebase AI – Remote

Frontend Developer Intern

Dec 2024 – May 2025

- Developed modern UIs for Xperto AI, an AI chatbot platform using Next.js, Tailwind CSS, and TypeScript.
- Built responsive layouts and optimized performance across devices.
- Integrated frontend with backend APIs (Node.js/Python) to enable real-time chatbot functionality.

NUTZ Technovation Pvt Ltd – Erode

Frontend Developer Intern

Oct 2022 – Dec 2022

- Built responsive user interfaces for “Talents of Tamil Nadu” platform.
- Worked closely with the backend team to ensure seamless API integration and design consistency.
